Hi Barb:

I hope you and your husband have been making out okay this year. It has been a crazy ride and I know we all are looking forward to things getting back to normal, or close to it, very soon!

I just wanted to let you know we are finally bringing in our first BIG movie of the summer Labor Day weekend and we would like to start the open caption shows up again. We are going to be changing our opening schedule and will no longer be open Tues, Wed., or Thurs. for matinees. With our new schedule, we will be open on Monday instead of Wednesday and I am planning to show our open caption films then.

The first movie will be the new Warner Brothers, spy/action thriller, TENET (PG13). I am planning our first open caption show for Monday, September 14, at 3:00 pm, which is also a new time for us. We have been running classic films at this hour during the summer and the schedule really seems to work out well for our staff. I hope this works for your group as well.

With the COVID regulations, we will be requiring everyone to wear masks when coming into or moving through the building to purchase concessions or use the restroom. Masks can be removed when they are seated and watching the movie and enjoying our popcorn! We have hand sanitizer available upstairs and in the main lobby and we are sanitizing seats, restrooms, and all touchpoints before, during, and after each show.

I just wanted to let you know so you could pass this along. If you have any questions or special needs, please do not hesitate to call or email me. With my staff going back to school, I will be there most Mondays to run the film, so I am really looking forward to seeing you all again.

Stay well,  
Joanne
