

LEARNING COMMUNITY

A Presentation on Single Sided Deafness (SSD)

FEBRUARY 13TH AT 12PM VIA ZOOM

— with ASL and Closed Captioning —

Login details and instructions will be sent by email once registered.

About this online Learning Community event:

Dr. William Parkes will share information on:

1. Common causes of SSD
2. Binaural listening advantages and the functional cost of SSD
3. Pre lingual vs post lingual SSD and the potential for aural preference syndrome
4. Treatment strategies with a focus on the potential benefit of a cochlear implant with careful selection

About the speaker:

Dr. William J. Parkes, IV, is a pediatric otolaryngologist (ear, nose and throat surgeon) at Nemours Children's Health. His medical interests include hearing loss, cochlear implantation, chronic ear disease and cholesteatoma, tympanoplasty, endoscopic skull base surgery, thyroid and parathyroid surgery.

Register in advance!
